Production MIG Welder - Process Engineer

Are you tired of your monotonous work day? Do you long for the ability to improve your job and make it simpler but are constantly told you can't?

Klime-Ezee gives you the power to make a difference.

We are looking for a reliable, self improving individual that strives to better themselves every day to take themselves AND the business to new heights.

Join us on our journey to constantly improve, fix what bugs us and leave it better than we found it!

Job role:

Production MIG welder. Using jigs to weld up and assemble our products to the highest possible standard (we are not fabricators, we do not require you to work from drawings)

- Welding (MIG) thin steel tubing to create product with as few defects as possible
- A process engineer who looks to improve every process
- Keeping a safe and responsive work environment
- Quality control / attention to detail for every weld
- Focus on work flow
- Helping out the team wherever possible - cross training
- Eliminate defects within the production line
- Maintain all equipment to the highest standard

The successful candidate will:

- Have researched Lean Thinking
- Have experience in MIG welding
- Ensure quality is added with each process
- Have a good understanding of the set up, operation and maintenance of our welding equipment
- Understand and implement personal and company safety measures including using the correct PPE at all times
- Have great communication skills, they are essential to work with team members and converse with customers and clients
- Assemble all components with help of power and hand tools
- Be confident to speak up in meetings

Benefits:

- Character bonus scheme
- Skill bonus scheme
- Role bonus scheme
- Company events
- Friday prizes
- Workplace pension
- Our own 'Starbucks' canteen
- Lean thinking training
- Early finish Fridays
- 28 days holiday pay including bank holidays and our annual Christmas shut down
- 12 week training programme during the probationary period
- Monthly reviews to help grow you both personally and professionally
